As a follow up to the BREXIT debate held by the club last year, the Farmers Club is, in conjunction with The British Crop Production Council and the Voluntary Initiative, holding a one-day conference which aims to highlight the practical considerations and possible solutions to remaining profitable once the farming sector is outside the CAP. There are a number of highly regarded speakers including Mike Rowe (DEFRA), Julie Girling (MEP) and Cecilia Pryce (Hd Research at Openfield Agriculture) amongst others. The seminar will be held in the Farmers Suite of the Club on Monday 10th July and registration begins at 10.45, followed by a morning session (Planning for 2020 and beyond), a break for lunch and an afternoon session (The Farmers Perspective). There will be a short discussion on completion and the seminar will close at 4pm. The cost of the seminar is £35/head to include pre-seminar coffee and lunch. If you would like to attend, please either book online or return the form below. Dress for gentlemen is lounge suit.

Andrei Spence
Chief Executive/Secretary
