CROP  
PROTECTION  
COUNCIL

# CONTENTS

Page

## **Introduction to the Symposium**

J K WAAGE ..... 1

## **Biological control of the diamondback moth in IPM systems: a case study from Asia (Indonesia)**

S SASTROSISWOJO ..... 13

## **The contribution of biological control for resource-poor farmers in Africa**

C J LOMER, O AJUONU and P NEUENSCHWANDER ..... 33

## **Restoring the natural balance: biological control of *Dendroctonus micans* in Great Britain**

H F EVANS and N J FIELDING ..... 45

## **Making biological control introductions more effective**

K R HOPPER ..... 59

## **Full-range pest management with IPM systems – an industry view of the options for non-indigenous biopesticides**

P J NEWTON, M C NEALE, M ARSLAN-BIR, M BRANDL,  
M J FIDGETT and R M GREATEX ..... 77

## **Supporting the introduction of exotic biological control agents for UK horticulture**

G M TATCHELL ..... 99

## **Developing and supporting a national biological control programme**

E S DELFOSSE, N C LEPPLA and M J ORAZE ..... 113

## **Issues of safety and ownership in biological control introductions: the Brazilian case**

G J de MORAES and E B de NARDO ..... 133
